

Te Wānanga o Aotearoa

He takapau mātauranga, Whānau transformation
he whānau huarewa through education

Te Wānanga o Aotearoa is a world leader in indigenous education and New Zealand's second largest tertiary provider. Our purpose is to provide unique, high-quality education opportunities – delivered through a Māori world view – which will lead to positive transformational changes for all our tauira (students).

Ours is a story of growth, discovery, and of transformational change that affects not just the individual but the wider whānau and communities.

We have evolved from humble beginnings to become a modern progressive indigenous education organisation with a very strong foundation, that is committed to industry best processes and practices.

We've been educating and inspiring New Zealanders of all ages and cultures for more than 30 years and have welcomed about 300,000 students since our establishment in 1985.

Our purpose is to provide unique, high quality educational opportunities for Māori, and all others, which contributes to positive transformational changes.
